T A Votes Disband

A group of 20 parents and teachers at a combined potluck dinner Monday evening, April 24, decided to disband the Crawford County PTA, by a vote of 18 to 2 on a secret ballot. The vote came as a climax to a discussion of a period of months on the part of the PTA members to improve attendance. Some parents expressed but it was not enough to overcome the opposition. The disbandment followed a report showing the PTA had netted \$602.00 according to preliminary figures. No action was taken on the part of the PTA at this time. A meeting will be held at a later date for that purpose. A check for \$100.00 will be sent to the Student Exchange Council as provided for in the budget. The evening potluck turned to be a well-balanced dinner to be enjoyed by the music of the high school band under the direction of LeRoy Christian and a display of coordination by a group of twirlers. After dinner, the related interesting facts of his native Sweden, the U. S. comparison with the U. S. answered our questions. Mrs. Lewis Kovnicka, Acting Secretary.

Litter Damages Our Lakes & Streams

By Willard Bosserman, Co. Ext. Natural Resource Agent. It takes every one's help to keep our streams and lakes clean. First, by refusing them for a dumping ground for litter and refuse. Secondly, help convince others it is a bad practice. Recently there have been reports of dumping leaves in the lakes and streams. Max Hunt, Regional Fish Biologist, Michigan Department of Conservation, told me the leaves in a stream cover up the gravel and stones upon which fish food is produced. In this way, the leaves destroy fish food and lower the number of fish the stream can support.

Sixty Attend Sawmill Clinic Here

Sixty attended the Sawmill, pulpwood and log marketing clinic in Grayling on Wednesday, April 26. The clinic started with a tour of the Bear Archery plant and Grayling Reel Company.

Both Sawmill and Pulpwood people met at the Chief Shoppeneagons at eleven. He pointed out the costs and returns from use of different methods of cutting trees and skidding the logs to the loading area.

At noon Dr. Gene Forbes, U. S. Forest Service talked about the need for marketing information in order to make the most profit. In the afternoon the Sawmill operators heard about production requirements, price and future of low grade lumber. George Vasilou, Michigan State University Forest Products Specialist discussed the log, labor and lumber ration in producing forest products.

A new electronic method of keeping records was demonstrated for the pulpwood cutters by R. T. Hartwig, Agricultural Economics, Michigan State University. He explained how wood cutters could keep record of their expenses, labor and income. The electronic computers would summarize the information every three months for them.

Alumni News

We will recognize Mrs. Margaret Fenton who is retiring this year after 32 years here in our Grayling Schools. I would say she has been one of our favorite teachers. We could almost call her an honorary member of our Alumni, since her husband, Elmer, is of the class of '29, and her daughters have all graduated here. Carl, Donna (Mrs. Roy Mines Award) and Nancy '66.

No correspondence this week except from Judy Sorenson '57 who is mighty anxious to see the rest of her class when they meet with us on the 27th for the 10th Reunion. California is quite a way from home.

Duke Riker and his band will be here for the party after the banquet. And that is Good News! Clara Sorenson

Crawford County Recreational Activities

The AuSable Main Stream, Manistee River, AuSable North Branch, East Branch and Big Creek are rapidly becoming normal. South Branch is still high and red but should drop fast if rains are not too heavy. All streams produced good fishing for bait fishermen and spinners. Cool weather and cold river temperatures held down catches on flies on quality fishing sections of AuSable system.

Any warm weather should produce good catches of dums, Early Stone Flies and Beaverkill. Main hatchery on May 11 a. m. Saturday and 4 p. m. Sunday. River temperatures in middle and high 40s. Howes, Jones, Pickett, Bright Glory and Kneff Lakes produced good trout fishing with limit catches on all the lakes. Small feeder streams produced good trout catches for bait fishermen. All campgrounds in Crawford County are open. Spring foliage is beginning to appear. Migratory song birds are appearing daily, and bird watchers say observation is excellent. Deer can be seen on all Crawford County roads and trails in early evening and mornings. Little early for mushrooms. This activity should be prime, if weather cooperates, around weekend of May 15th.

Direct Distance Dialing Nears

General Telephone Company announced today the first step in providing Direct Distance Dialing for the Grayling Area. The date set for establishing direct distance dialing is September 17, 1967. However to insure that a good grade of service will be provided during the coming summer it became necessary to take a part of the calls off of the Roscommon Switch Board. At 2:01 A. M. on Sunday, May 7th the Grayling exchange will have its operator office changed from Roscommon to Alma.

"The method of placing a long distance call will remain the same for this summer," A. R. Murphy, District Manager stated. "The only change will be in the service calls. Information will be reached by dialing 113 and repair service by dialing 114."

The coin telephones at Camp Grayling as well as several in Grayling itself will be changed to long distance only, as they were last summer. By routing these stations directly to the long distance operators, the local customers will not have to compete with these calls in the switching equipment.

"The Business office for Grayling will remain in Roscommon to serve any of our customers who have any questions concerning their service," Murphy concluded.

Observe Hospital Week May 7-13

National Hospital Week, May 7-13, 1967, emphasizes the major role of the hospital in the community life of every section of the country. Sponsored annually by the American Hospital Association, the theme for the 1967 observance is "Your Hospital — City of Care."

Nearly two million Americans work in "cities of care" — our nation's 7000 registered hospitals. Of this number, 100 are employed by Mercy Hospital, Grayling. They perform the essential services that provide every patient with the high quality care his condition requires.

Because of the rapid advances in technology during the last few years, the hospital field has become one of the most exciting areas to select for a lifetime career. For example, complicated equipment such as dialysis and heart-lung instruments that save lives and prolong life demand the services of teams of highly skilled and technically trained men and women. In many hospitals computers now handle patient billing and accounting and contribute to medical research and diagnostic applications.

The people who serve in health care facilities from Maine to Hawaii come from all walks of life, from small towns and large cities, from high schools, vocational

Poppy News

In Remembrance Today and Tomorrow. In Flanders' Fields the Poppies grow, Between the crosses, row on row.

The Poppy as the memorial flower for American War dead is a tradition which began in the years following the first world war. The Poppy story is once more being told to help the Grayling Auxiliary Unit 106 sell Poppies on May 25-26-27.

Petal number one could be called sacrifice — the blood red color of the Poppy is reminiscent of the blood of our service men, shed on foreign soil. Now add petal number two and call it service. We are the organization dedicated to serve. Petal number three stands for manufacturers of the Poppy, not by whirling machines or mass production lines, but our state of Michigan hospitalized veterans. A veteran is paid \$15 on every one thousand poppies he makes. This money means extra treats for the veteran to his family. Petal number four is a very important one. It forms the complete cycle. It represents how we spend our money. These four petals from the Poppy we offer to the public May 25, 26 and 27. Wearing the Poppy is our way of saying "Let us forget to honor the dead by aiding the living." So Be a Buddy, buy and wear a Poppy.

Important Distinction . . .

Freedom of expression is as basic and inalienable right under representative government as freedom of press. But, by no stretch of the imagination can the temple of freedom of expression be stretched to include mass defiance of laws governing an orderly society. Former Supreme Court Justice, Charles E. Whittaker, warns that "... history shows that every society which became lawless soon succumbed, and that the evidences of each society's decay appeared in the erosion of disobedience of its laws and the judgments of its courts. . . it can hardly be denied that a large part of our current rash and rapid spread of lawlessness has come from planned and organized mass disrespect for, defiance of, the law and the courts, induced by the responsible and inflammatory preachments of some of the appointed leaders of minority groups. . .

"The remedy is as plain as the threat. It is simply to insist that our governments, state and federal, reassume and discharge their 'first duty' of protecting the people against lawless invasions upon their persons and property by the impartial and vigorous enforcement of our criminal laws and by the swift, certain, and substantial punishment thereunder of all persons whose conduct violates those laws. . .

Those who genuinely believe in freedom of speech and press and our other freedoms in the United States would be well aware of the distinction between freedom and license.

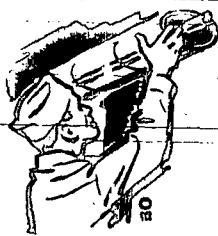

Needless Noise . . .

Legislation is pending in Congress to set standards or noise of new planes coming into airline service. The National Aeronautics and Space Administration is working on schemes for reducing the noise of jet exhausts and the piercing whine of engine turbines.

While worrying about noise in the sky, it might be well to also eliminate a disturbance that can be remedied closer to home—exhaust racket of cars and trucks. Apparently, there is no need for a noisy exhaust. As cars and trucks go by, some will be as silent as an Indian on a cougar hunt and others as loud as a mortar barrage. If standards are to be set to make the world more quiet and peaceful, a good place to begin their application would be on the ground, where most of us have to live.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE
FILES OF THE AVANCE OF 23 YEARS AGO

May 4, 1944

One of the most interesting stories we've heard in a coon's age is one with the Manistee River as the locale: A group guided by Fred Bromwell from the Arrowhead really meant business. Rolly McClain of Houghton Lake hauled in a 9-lb. rainbow trout with the help of another man. His sister, Bertha Dannenberg, who had never gone fishing, landed a 6-lb. rainbow trout. Two other rainbows were caught which weighed 5 lb. each.

Robert Bugby, son of Mr. and Mrs. Eggle Bugby landed a 22-inch rainbow that weighed 5 pounds; he was fishing in the East Branch.

One Lovells angler landed a 20-inch brown trout, one about 16 inches and several smaller brook trout. Several other likes up there caught the limit (15) the first day, Fred Bromwell fishing in the Big Manistee landed five rainbow trout, the aggregate weight of which was 19 pounds.

Buddy Horning, son of Mr. and Mrs. Oscar Horning, showed up the other kids Saturday by landing 14 brook trout, none under 8 inches in length. This same youngster landed a 5-pound brown trout from the AuSable last summer.

Jerry Jo Smock, age 14, son of Mr. and Mrs. Liland Smock, was the champion fisherman of the neighborhood on the opening day. He came home with nine nice ones caught in the AuSable not far from his home.

The Grayling Ladies' Bowling League and their sponsors closed a successful year by celebrating with a banquet at Shoppenagons Inn last Monday evening. Mrs. Iva Jarmin, president of the Ladies League, introduced each team sponsor present and then Mrs. Erma Burch, secretary of the league, who presented the prizes to the various teams and individuals. Placement prizes, Hanson's Chevrolet, Dorettes, Sorenson's Sporting Goods, Spike's Naitettes, Porath's, Grayling Bake Ry, Grayling Restaurant and Olsons. Individual high scores were Iva Jarmin 215; Helen Langlois 207; Bessie Peterson 198; Marguerite Bennett 193; Dena Hunter 188; Gladys Koepfer 183; Amy Gothro 178; Fern Akers 172; Rose Akers 172. The teams presented Mrs. Jarmin and Mrs. Burch with gifts in appreciation of the work they accomplished this year and both were re-elected to fill the same offices this coming year.

Central America — by Ethel Pierce — I spoke of the Flat Arch in a previous letter. The story goes that the decision to build the Canal here, rather than in Nicaragua, was made in favor of Panama because an official in Washington, a stamp collector, noticed the stamp which the Colombian government had issued, showing the Flat Arch on it. (Panama was at that time part of Colombia). Gossip had circulated that Panama had earthquakes and the official was a key engineer. He asked about the picture and was told that it had stood for more than 200 years. He is said to have remarked "That's the place for the Canal. They cannot have serious earthquakes where an arch like that can stand!" I have seen it many times in the ruined church in Avenida in Panama City.

It was constructed by a Dominican father, and twice he completed the arch only to have it fall when the supporting material was removed. The third time he knelt beneath it and prayed that it would stand or crush him in its fall. The supports were removed and it remained intact. It is less than a yard wide on top, about 3 feet thick and in its span of 24 feet has a rise of less than two feet and no key-stone.

Gordon Tregonning of Detroit is spending a week's vacation with Mr. and Mrs. Fred Carr. Mrs. Tregonning will join him Saturday. Mrs. Albert Markby of Bay City spent the weekend here visiting Mrs. Grace Markby and Mr. and Mrs. Wilbur Stanley and family. Albert is serving in the armed forces in New Guinea.

Bob Brooks, staff photographer of the Detroit Free Press, was a weekend visitor in Grayling.

Gold bars of a second lieutenant were awarded Aviation Cadet Donald Charron, son of Mr. and Mrs. Albert Charron of Grayling, at recent graduation exercises of the Army Air Forces Training Command School at Yale University, New Haven, Conn. Lieut. Charron will be temporarily assigned to Ohmsted Field, Middletown, Pa. In the Army two years he entered Bombsight School in May, 1943 at Lowry Field, Colo. After completing the course in three months and graduating as bombsight maintenance man he was appointed an Aviation Cadet and sent to Goldsboro, N. C., for pre-technical training before entering the school at Yale.

Mr. and Mrs. George Griffith of Fort Wayne, Indiana are now settled in their cabin on the AuSable, where they will remain for the summer. They arrived on Thursday last week.

Sunday guests of Mr. and Mrs. E. R. Burns were Elias Burns, Mr. and Mrs. Dale Burns of Central Lake, and Mrs. Mabel Derenzy of Alpena.

Mr. and Mrs. Roy B. Conkling Sr., have purchased the William Ferguson house on Park Street and are getting settled in it. Mr. Conkling is employed in the Avalanche office.

Sunday evening a group of young folks enjoyed a wicker roast along the AuSable River outside Fredrick. Prior to the feed the boys defeated the girls in a game of soft ball. The affair was enjoyed by the following: Marie MacQue of Auburn, Caroline Post, Ernestine and Beverly Stephan, Ted Stephan, home on furlough from Camp Ellis, Ill., Dick Dawson, Johnnie Harmer, Bob Bigham and Linn Bindschattel.

Mr. and Mrs. Lawrence Hunter are the proud parents of a boy, born last Sunday. He has been named Lawrence Dean.

Mrs. Walter Korhonen gave Mrs. Roy Kannisto a farewell party at the home of Mrs. Lloyd Jennings. Mrs. Kannisto is leaving for Texas with her small son Brian to join her husband, who is in the Army Air Corps. The Ladies' Aid presented her with a lovely gift. A delicious lunch was served.

One of nature's most beautiful and very rare spectacles appeared at the Hanson Game refuge on Monday. An albinism robin with delicate pink breast was out to get the early morning worm in the lawn of the Military Reservation.

Six Grayling men are receiving their initial naval indoctrination at the U. S. Naval Training Center, Great Lakes, Illinois. They are Robert C. Sorenson, Garrett D. Bailey, Byron W. Randolph, Leo E. Lovely, Norval M. Stephan, Frederick C. Walters.

Mr. and Mrs. W. C. Gabriel of Owosso have arrived to spend the summer at their home on the AuSable River. They are entertaining Mr. and Mrs. J. Purvis of Owosso this week.

The three Charron girls—Miss Virginia of Flint, Miss Kathryn of Saginaw and Miss Rose Mary, a student at Mount Mercy Academy, Grand Rapids, spent the weekend at the parental home, coming to visit their brother, Lt. Donald Charron, who is home on furlough.

Mr. and Mrs. J. E. Norwood, Mr. and Mrs. Thomas Galloway and daughter were weekend guests at Alfred Galloway's and Albert Moon's and enjoyed trout fishing. Mr. and Mrs. Livyn Doremire and children Tony and Mickey Lou returned to Midland Monday after visiting Mrs. Paul Lovely over the weekend.

Mr. and Mrs. Frank Langstrom of Detroit are at their home on Big Creek near Lovells.

\$7,700 Plum For Crawford County Vets

(Special to the Avalanche)

NEW YORK — A financial plum of approximately \$7,700 will go to some 160 of Crawford County's war veterans this year.

It represents a payment of dividends due them under their GI insurance policies.

They will be sharing in a distribution of \$211 million that will be divided among veterans of World War I and World War II, according to the Veterans Administration.

Those veterans who saw service solely in the Korean War will not be eligible for any part of this melon because of the type of insurance they hold.

The majority of the recipients are veterans who are covered by National Service Life Insurance, which was issued for World War II service. The others who will share are World War I veterans who hold U. S. Government life insurance policies.

The 160 men and women who will be on the receiving end in Crawford County comprise nearly one-fifth of the local (pre-Vietnam) veterans, listed at 779 in the latest Government count.

Those who saw service in the first World War will get dividends averaging \$76 each. The others will average \$46.

The \$7,700 in local payments will generate added business activity in the area, it is expected, as it circulates and re-circulates.

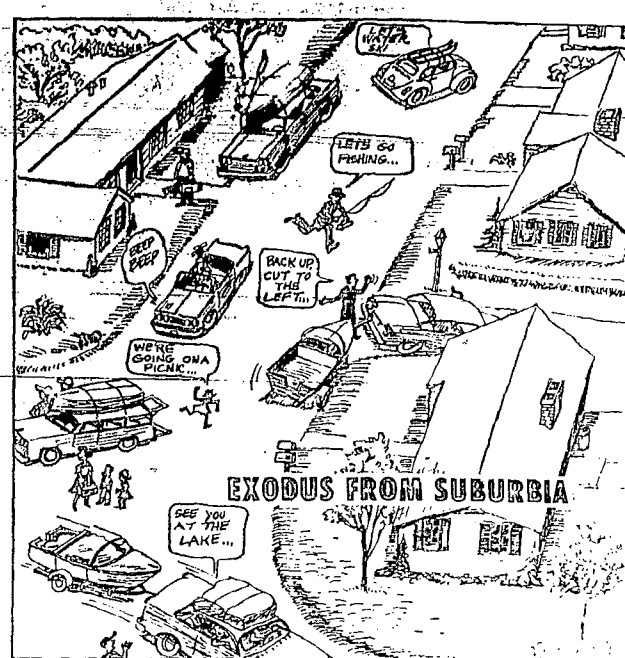

Nationally, reports the Veterans Administration, there are 4,222,000 World War II veterans and 196,000 of World War I who have retained their GI insurance and will participate in this distribution. The number is about 200,000 smaller than it was a year ago.

What they are receiving at this time, it is explained, is a return of part of the premiums they have paid on their insurance policies.

The refund became possible because the death rate among ex-servicemen has been lower than was expected when the premium rate was set.

Local veterans will receive their checks on the anniversary dates of their policies, the administration states. The preparing and mailing of them is automatic. No applications need be made to obtain them.

Moose Lodge Activities

Installation of officers was held at the lodge on April 21st. The new officers took over their duties May 1st.

We're glad to see Art Howe out of the hospital.

The degree team entered State competition at Jackson, this past weekend. It is not known yet, how the team placed, or what place individual members placed. It is known that no one from Grayling placed better than third, however, almost all scores were higher than last year, and the team score was only a few points lower than the first place Lansing team. Final results should be here in a few days.

While at Jackson, the Grayling team, received an invitation to do the degree work at the U. P. Convention at Munising in September.

This Friday is regular meeting night at the lodge at 8 p. m. sharp.

MONDAY, MAY 8th AT CAMP AU SABLE

Monday, May 8th will be a very important day at Camp AuSable. On this day the Michigan Conference of Seventh-day Adventists will bring a van to the camp and load boxes of clothing for the needy in any part of the world. This is the spring clothing pick up of processed clothing boxed by the Dorcas and Welfare centers of the 25 Seventh-day Adventist churches in northern Michigan.

Clothing picked up here will be taken to Lansing, where other boxes will be added from all parts of Michigan to be taken to the New York Center. From there it will be shipped as needed to different parts of the world.

Four 45-foot vans of processed clothing was collected last year. It is expected that there will be three van loads this spring and a large amount again next fall.

In addition to preparing clothing for overseas needs, the Dorcas and Welfare centers have on hand clothing to be used in Michigan for local needs and in disaster areas. A van in Lansing is loaded with clothing, sheets, blankets, and food; ready to go to any part of the state and give help in case of disaster.

Scouts Honor Leaders

Charles Morse presents the coveted Trail Blazer Award to Mrs. Barbara Johnson of Grayling who has served as Den Mother to Pack 93 for eight years.

Over 80 Scout Leaders and their guests from throughout the four county area of the AuSable District of the Paul Bunyan Council, Boy Scouts of America, met Thursday evening, April 26, at the West Branch High School, for the first annual Recognition Night of the new District. The Recognition Night is a chance for the Paul Bunyan Council to give a big "Thank You" to all the adults in the Scouting program. Each adult member was presented a "Thanks" badge by the Council for their devotion and service to the youth of our area.

The featured speaker of the evening was Dr. Ernest P. Donald, Associate Professor of Sociology at Central Michigan University. Dr. Donald is a native of India, and was a Boy Scout and Scoutmaster there. He presented the differences between Boy Scouting in the United States and in other lands.

Training awards were presented to a number of adults by Donald Dow, District Leadership Training Chairman. The Den Mothers Training Awards were presented to Mrs. Marion Deese and Mrs. Dahl Hockman of Pack 101, Wurtsmith Air Force Base, and to Mrs. Shirley Nowlin, Pack 44, Roscommon. A Cubmaster's Key was awarded to Cecile K. Hyde, Pack 71, West Branch, and a Scoutmaster's Key to J. L. Lee, Troop 101, Wurtsmith.

The Highlight of the evening was the presentation of the Trail Blazer Awards, the highest honor a District may give to an adult Scouter. Charles Morse presented the Awards in the Cub Scout Program to Mrs. Barbara Johnson, Pack 93, Grayling, a Den Mother with 8 years of tenure; and also to Mrs. Lorraine Milnes, Pack 111, East Tawas, a Den Mother with 4 years tenure and very active as a Den Mother Trainer.

Other Den Mothers in Pack 93 are Den 1, Mrs. Richard Gildner; Den 2, Mrs. Mary Wooley assisted by Mrs. James Grohski; Den 3, Mrs. Elenore Filley; Den 4, Mrs. Kenneth Montague; Den 5, Mrs. Earl Whaley assisted by Mrs. John Schilbe; Den 6, Mrs. Kenneth Money; Den 7, Mrs. Robert Larson and Den 9, Mrs. Don Ferguson.

The dinner also served as a farewell to District Scout Executive Daniel Miller. He is transferring to the Okemos District near Lansing. The move constitutes a promotion for Dan, which he richly deserves. However, the Scouts of the Grayling area will surely miss his guidance and enthusiasm.

Council Executive Art Henry has been unable to find a replacement for Dan. Anyone interested in applying for the position of Scout Executive of the AuSable District is urged to contact Mr. Art Henry, 402 E. Ellsworth, Midland.

Norma Hull and Marge Haugh were in charge of the entertainment. Luncheon of decorated cupcakes and coffee was served by Mrs. Don Wood and Mrs. Ken Ashton at a table centered with lavender flowers set off by white tapers.

The club's next meeting is their end of the season dinner at Penguin Inn on May 15th at 6:30 p. m.

Chamber of Commerce Minutes

Regular meeting Grayling Regional Chamber of Commerce, Chief Shoppe, Motor Hotel, April 13, 1967.

This meeting was called to order at 12:10 p. m. by President Bill Kraus.

Members present: Gerry Burns, Billie Forbes, Bernard Fowler, Bill Kraus, Ed Rutkowski, Sandy Thompson and Don Welser.

Members absent: Ray Elsey and John Latasek.

Also present: Earl "Chum" Longworth, Manager.

Motion by Ed Rutkowski, seconded by Bernard Fowler, that the minutes of the last meeting be approved as corrected: All Ayes.

Communications:

Manager Longworth read letters from the Central Lake Chamber of Commerce inviting our community to participate in their Homecoming Festival, from Mort Neff accepting our invitation to cover the opening of trout fishing in Grayling, and from East Michigan Tourist Association regarding the House Bill 2808 that would allow cities and townships to place 5% tax on lodging and entertainment businesses. A wire negating House Bill 2808 was sent by the Chamber because of the double taxation principle.

Treasurer Billie Forbes gave a treasurer's report. It was felt that the membership committee should be reactivated because more funds are necessary to continue the Chamber operation. It was suggested that another letter go out to delinquent members.

Treasurer Forbes presented a list of bills to be paid. Motion by Rutkowski, seconded by Welser, that all bills be paid with the exception of the U. S. Chamber of Commerce dues. All Ayes.

Manager Longworth commented on the Travel Shows that he has just returned from. He feels, although they are costly to be entered into, the potential is great, and we should continue to participate. However, unless there is personal representation at the booths, little benefit can be gained.

It was decided to hold a meeting between the Manager and the By-law Committee on Friday, April 14, to try to come up with a satisfactory draft of Chamber By-laws and Constitution.

Billie Forbes informed the Board of arrangements that have been made toward the Leadership Recognition Dinner. It was suggested that name tags be provided and that the guests sign a registration book.

Four bids have been received on canoes to be raffled to defer our share of the cost of the canoe race. After discussion, it was decided to take advantage of Ralph Sawyer's offer. Fowler volunteered to pick up the canoe in Oscoda and have it here in time for the Trade Show.

A motion was made by Major Rutkowski that the Grayling State Bank be extended the appreciation of the Chamber for their assistance to the United State Property and Fiscal Officer, Col. Wm. M. Peterson in making a substantial amount of money available to the Military to enable payment of troops in cash. The money will be made available by the bank at no interest charge. We feel the bank should be commended for their efforts in making this money available for spending in the community.

Handy Hints

from
HEIDI MATTHIAS

Children are constantly building mental images of themselves as persons. These pictures will affect their attitudes about people and life in general. Certain experiences help children create satisfying pictures.

Children develop trust in themselves as persons by feeling loved. Avoid discussing them with others when they are present. Raising doubts about themselves could give them some anxious moments.

Children are constantly testing things. Don't expect them to just look and not touch. Help them gain confidence by allowing them to explore.

Sometimes children need help in succeeding in their tasks. But it isn't necessary to protect them from every small failure. Giving help when needed and withholding help now and then will allow children to build confidence.

"Appreciation, comfort, and support in times of need help children become more self-confident. They learn respect by having respect shown to them. Teaching them to stand up for their rights helps them gain confidence."

The right kind of support can greatly reduce children's fears. Become sensitive to their problems and try to see things the way they do.

Children who can master physical skills or feel they are behaving in a "grown-up" way are more apt to view themselves in a favorable light. And this self-confidence will give them a better outlook on life.

Send The Church Of Your Choice AROUND THE WORLD

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the great factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Today even kindergarten children study current events — they learn about faraway places and people. When they reach Martha's grade, children are extremely knowing about what's going on in other parts of the world.

They soon discover that children in some countries have few clothing and toys — and even more important, food. Being human, our young Americans want to help.

And they can! They can help clothe and feed the needy. In church, they will develop their natural generous impulses and will learn to grasp the values of selflessness and love.

Children need special preparation for life in our jet world. This means being in tune with the new; but it also means reaffirming the old.

Children need to be taught the basic truths of life, the real values, so that in chaotic moments they will still be able to keep their feet planted firmly on the path of faith. Martha is getting the kind of preparation she needs. Is your child equally lucky?

Litter Damages

(Continued from Page 1)

cluding, but not limited to, the litter connected with the particular violation.

O. J. Bennett, Regional Law Supervisor, Michigan Department of Conservation, Roscommon, told me that he gets many reports on people dumping leaves into lakes, but he can not do any thing about it unless the people making the report sign a complaint. Law enforcement people either need to catch the people in the act of violating or have a signed complaint from the citizen who actually saw the violation.

You can see, Mr. Citizen, what your duty is. It is not easy to sign a complaint against your neighbor. Perhaps you can show them a copy of this article to help persuade them to cease and desist. I am sure most violations are from lack of knowledge of the law, and of the danger their actions do. Where wanton violation continues, you have no alternative than to sign a complaint.

Last weekend, Mr. and Mrs. Stephan, Mrs. Jack Church and daughter Carleen visited Mrs. Stephan's sister, Mr. and Mrs. Earl Connin in Adrian, also Miss Anne Marie Church at Adrian College, it being parents' week there. They also attended the college production of "My Fair Lady" at Dawson Auditorium.

The equipment of Town n' Country TV has been purchased by the Dayton TV Service of Lincoln Park. Owner Marty Ritter is moving to Lincoln Park to work for the firm.

Sn. Wilson Cox is coming home next Sunday for a six-day visit with his families and wife after a six-month cruise in the Caribbean. The Warren Stephans have returned to Grayling after wintering at Apache Junction, Ariz.

Mr. and Mrs. Clifford Fletcher, formerly of Detroit, have sold their home there and are moving to Eagle Point at Lake Margrethe, right across the road from his sister, Mrs. Del Wheeler. The Fletchers have been spending the winter months at Fort Charlotte, Fla., and left there Wednesday to make their way here, expecting to arrive some time next week.

The William Sutterfields of Detroit are spending some time at their cottage at Eagle Point.

Mr. and Mrs. Esbern Hanson arrived Saturday from Fort Lauderdale, Florida where they had spent the winter. Their son, Esbern Jr., spent two weeks with them there and accompanied them home.

Mrs. Earl Longworth recently received word that she has been appointed by the Michigan Division of National Secretaries Association, International to a post on their Scholarship Committee, also a special page for their Secretary of the Year Award Committee. Some fifteen Executive Secretaries will be vying for the award, to be presented at the Michigan Division Annual meeting, to be held in Saginaw, May 19-21, and hosted by the Saginaw Chapter. Mrs. Longworth was in Traverse City on Tuesday of last week. She and Mrs. Eileen Reclor, President of Michigan Divison of National Secretaries Assn., Int'l., spoke before a group of 25 potential members for NSA. This would form a Grand Traverse Area Chapter, and would be the only NSA Chapter north of Saginaw. Prospects look good. If anyone from the Grayling area is interested in membership, please contact Mrs. Longworth.

brarians, or speech pathologists. And, of course, there are unlimited opportunities for those who want to enter medicine or nursing.

The rewards of a hospital career are many. Perhaps foremost is the deep personal satisfaction such a job gives to each person on the hospital team. Then, too, a hospital job provides broad experience, stimulating work, security and chances for advancement.

During National Hospital Week, May 7-13, 1967, explore the many diverse careers that exist in hospitals. To obtain specific career information, contact the Michigan Hospital Association, 2213 East Grand River Avenue, Lansing, Michigan 48912, or the American Hospital Association, 840 North Lake Shore Drive, Chicago, Illinois 60611.

Convert to Gas heat today and get something for nothing until November.

Here's how our special limited-time-only offer works. If you're heating with oil now, we'll buy what's left in your storage tank and pay you what it cost you originally. We'll remove your tank from your home or business and even haul it away if you want. All at no cost to you. If you're heating with coal, we'll take what coal you now have off your hands. And pay you what it cost originally.

Whether you convert your present furnace or install a new Gas furnace, we'll pay for it and its installation by a Gas Company approved heating contractor. It won't cost you a penny until next November. If you pay for the unit and its installation by November 1, 1967, there'll be no carrying charge. Or, you can make equal monthly payments. Including carrying charges, on your Gas bill over a period of up to three years starting November 1, 1967. Either way, there's no carrying charge until November. You don't need to make any payments except for the Gas you use. The advantage of this special limited-time offer, Call Michigan Consolidated Gas Company office for the name of an approved heating contractor and all the details of this offer. And remember, when you heat with Gas you'll also save up to ½ on your heating bills.
